A K-12 Hybrid School of Innovation

**What is a
HYBRID SCHOOL?**
Best of both worlds---
students attend blended
classes **live on campus**
& **online from home.**
Grades K-12

Designated as Fort Collins' only "School of Innovation"

Did you know?

- **Nationally recognized** as a "K-12 Best Practices School"
- **Exceeds state expectations for academic growth** in elementary, middle, and high school
- **Student-centered model** – blended courses mean students move on when they have demonstrated mastery of a topic; not when a "bell" rings
- **Advanced Track** students earn college credit and participate in leadership programs
- Students receive a **PSD Diploma** and are better prepared for **21st century colleges and careers**
- PGA students can **participate in athletics at their neighborhood school**

Feedback from our families:

Academics:

I have the best of both worlds –online classes at home & real teachers on campus.

I love that I can move on when I am ready. I am graduating early!

I can't believe I am earning college credit and attending Front Range... for free!

Community:

I love the small environment, individual attention, and how it just feels so positive!

Everybody is nice and wants to be here. It's a school of choice.

I love that we can socialize while we learn – projects, field trips, discussions.

Real Post-Secondary Prep --- College and Career!

- **College credit - free** concurrent enrollment at Front Range CC and 20+ AP courses
- **Blended schedule** – balance of on-campus instruction & home-based online courses
- **Laptop** - to use at home or on campus (high school)
- **Personal Learning Map** – choose the right route for you to meet your goals

Enrollment - Limited space available for 2014-2015

- Grades K-12, tuition-free - Poudre School District [School of Choice](http://psdglobalacademy.org)
